If there's one thing that I would like you to know about me it's psychology, it has been my passion ever since I've dived into this field. After completing my internship from Counsel India I realised Psychology is not about Theory and books. Real Psychology is Implementation and understanding it Practically.

Dr Jinni Rohan

After doing my graduation in Psychology and I was looking for some organization who can train me to understand the real meaning of Psychology. I got to know about Counsel India by my friend and I am really thankful for her. CI is really amazing and I so lucky to have them in my life.

S Murthy

I'm a spiritual person and enjoy psychology. I think body, mind and soul must be worked upon together else life is waste. After completing my Masters from IGNOU I was totally confused about my future. Now after completing this internship most of my queries are resolved and I have started working in hospital as a Psychologist.
